STC Associate Degree Options

Interdisciplinary Studies Associate Degree

The Associate of Interdisciplinary Studies provides students with a broad-based education in “college basics” that promotes critical thinking skills and allows for an opportunity to make an informed choice in educational preferences.

Engineering Associate Degree

The Associate of Science degree with a field of study in Engineering offers students the opportunity to take a core curriculum of general education with an emphasis on Engineering.

Biology Associate Degree

The Associate of Science Degree with a field of study in Biology offers students the opportunity to take a core curriculum of general education courses with an emphasis in Biology.

Computer Science Associate Degree

This program is designed for students who plan to continue a Baccalaureate degree at South Texas College or to transfer to a four-year college or university to pursue a Baccalaureate degree in Computer Software Engineering and/or Computer Science.

****When pursuing another Associate Degree:***

- Focused Dual Credit Field of Study courses***
- Students will take some of their courses at STC Pecan Campus***
